PRODUCT ACCESSORIES

03

W - ERH

AUTOMATED EXTERNAL DEFIBRILLATOR

Emergency Ready Hub comes equipped with a lifesaving tool Automated External Defibrillator, that can be used in the event of a cardiac arrest or similar loss of consciousness by an individual. It is a lightweight, portable medical device that delivers an electrical shock through the chest to the heart, allowing a normal rhythm to resume in the heart.

BLEEDING CONTROL KIT

Slight bleeding can be well controlled until emergency services arrive with this whole kit. Emergency Ready Hub comes equipped with a BASIC bleeding control kit to prevent minor bleeding.

INSTRUCTIONAL SAFETY VIDEO

Education is key in keeping individuals trained in an emergency. Emergency Ready Hub provides on-demand video education through a tablet which reviews the proper use of the Automated External Defibrillator (AED) (not included), how to perform CPR, the Heimlich maneuver, and how to use a fire Fire Spray, first aid kit and bleeding control kit.

FIRST AID KIT

From small cuts and scrapes to minor injuries, a well-stocked first aid kit provides the necessary tools to treat a patient. Emergency Ready Hub comes equipped with a first aid kit complete with necessary supplies such as bandages, and a tourniquet that are centrally organized for easy use.

FIRE SPRAY

Fires can happen anywhere. In an emergency, that fire must be extinguished safely. Emergency Ready Hub stores a class ABC fire extinguisher. At just 2.5 pounds, it is lightweight and effective; perfect for home or office emergencies and safe for wood, plastic, liquid or electrical fires.

FLASHLIGHT

During power outages, flashlights are often misplaced or out of batteries. Emergency Ready Hub comes equipped with a high-intensity LED flashlight. With variable focus and rugged casing, this flashlight is equipped to handle your darkest moments.

CHOKING DEVICE

When an obstruction is suddenly inhaled into the throat and suffocation occurs, familiarity with the use of Heimlich and How to use the Choking devices is the fastest and most effective first aid measure. Emergency Ready Hub comes equipped with a LIFEVAC choking device to prevent the occurrence of sudden suffocation.
